# 11418NAT Certificate IV in Compliance and Risk Management

Release #1 | Release Date: 01/12/2026

## Course Description

The course holistically combines governance, risk and compliance management, together with change management, legal and regulatory requirements, and leadership in the workplace. This qualification reflects the role of individuals who provide work in compliance and risk management roles in a great variety of organisations, including financial services, banking, superannuation, insurance, government, education, utilities and all others that must make compliance and/or risk-based decisions. They work with legislation and regulation governing their organisations, internal policy making and procedural implementation, documenting risk issues and treatments including monitoring and evaluation, as well as dealing with government regulatory bodies and agencies.

## Target Cohort

**This course is intended for:**

- Existing workers (1+ years' experience) seeking to upskill
